

MVP Module 2 Assignment Sheet

The standards for this module are:

- **2A: graph inequalities** Students graph linear inequalities in two variables.
- **2B: identify inequalities** Students determine linear inequalities in two variables from their graphs.
- **2C: basic exponential equations** Students solve basic exponential equations and demonstrate understanding of exponents.
- **2D: systems (algebra)** Students solve systems of linear equations by substitution or elimination.
- **2E: systems (matrices)** Students solve systems of linear equations using matrices.

The homework quota for this unit is six assignments. The assignments for this module are:

due date	assignment	standard(s)
Thursday, September 21	pp. 5-6 #1-4 and 6-9 (choose six); pp. 9-10 #6-11	2A; 1D, 1E, 1F
Friday, September 22 (due at end of class)	pp. 13-14 #5-8 (any method), #9-16, no calculator for all problems Work on this assignment in class only!	1A
Tuesday, September 26	pp. 19-22 #1-8, #9-12 choose 2	2A, 2B; 1A, 1B
Thursday, September 28	pp. 24-25 #1-9, #10-15 choose 3	2A, 2D; 1A, 1B
Monday, October 2	pp. 27-28 #1-13; p. 30 #1-4, 7-9	2C, 2D; 1A, 1B, 1D, 1E
Wednesday, October 4	p. 31 #11-12; pp. 33-34 #2-6, 8, 9	2A, 2B, 2D; 1A, 1D
Friday, October 6	p. 37 #8-12; pp. 39-41 #2-5, 6-9 choose 2	2A, 2D; 1A
Tuesday, October 10	pp. 43-44 #1-4, 6-8; choose 7 from the following: pp. 47-48 #1-7; pp. 52-53 #2-9	2A, 2B, 2C, 2D, 2E

This unit also includes the Flipbook Project, which will be due the day after the unit exam.
